

# Louvers

## Spare parts guide

#### Louvers

- Air inlet louvers are constructed of fiberglass reinforced polyester (FRP).
- Maintenance free wave-shape with minimum air resistance.
- Prevent water splash-out during fan cycling.

#### Hygiene and upgrade tip!

Replace your traditional inlet louvers with the new standard combined inlets shields to benefit from **improved hygiene** and **reduced maintenance**.

Want to replace the louvers of your cooling equipment? Contact your local BAC representative.
